

4 Foot T8 Multi-Tek LED

The Most Intelligent LED Stick on the Market

Product Number: HH9361

Description: 15W, 48" MOL, LED retrofit stick CCT selectable color temperature 80+ CRI, suitable for most Electronic T8 IS operation.

Specifications

Lamp Type	Linear Tube
Lamp Shape	T8
Lamp Base	Medium Bi-Pin (G13)
Installation Type	Hybrid: UL Type A+B Ballast Compatible (Type A) Compatible with Instant Start Ballasts Direct AC Compatible (Type B - No Ballast) Single or Double-Ended wiring
Ballasting Requirements	Works with or without a Ballast
Housing Material	Coated Glass
Watts	15
Lumen Output	3000K: 2,124 Lumens 3500K: 2,186 Lumens 4000K: 2,200 Lumens 5000K: 2,218 Lumens 6500K: 2,133 Lumens
Color Temperature CCT	3000K / 3500K / 4000K / 5000K / 6500K
Color Accuracy	80+ CRI
Length	48"
Diameter	1"
Weight	0.4 lbs
Input Voltage	Type A: Ballast dependent Type B: 120-277V
Operating Temperature	-4 to 113°F -20 to 45°C
Life (Average)	50,000 Hours
Emits No UV Light	Yes
Dimmable	No
Damp Location Rated	Yes
Enclosed Fixture Rated	Yes
California Status	Lawful for Sales in California
Warranty	5 Years

4 Foot T8 Multi-Tek LED

The Most Intelligent LED Stick on the Market

Product Number: HH9361

Description: 15W, 48" MOL, LED retrofit stick CCT selectable color temperature 80+ CRI, suitable for most Electronic T8 IS operation.

Operates 2 Ways

1. Direct replacement for F32T8, F30T8, F28T8, and F25T8 4 foot fluorescent lamps.
Works with most existing T8 Electronic ballasts. No need to rewire the fixture.
2. Disconnect the ballast and connect direct to AC.
Ballast bypass to replace F40T12, F34T12 and 4 foot T8 lamps.
